TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. If any of above boxes 1. to 4. are checked, the correction required is only the **corrected section** of the non-compliant amendment in compliance with 37 CFR 1.121.

Continuation of 3(c) Other:

First and foremost, the applicants are cordially thanked for the 'Amendment and Response to Office Action' filed 10 March 2006. However, at least one non-compliance error has been discovered in the aforementioned response, requiring attention before examination may continue.

37 CFR § 1.121(d) requires, "One or more application drawings shall be amended in the following manner: Any changes to an application drawing must be in compliance with § 1.84 and must be submitted on a replacement sheet of drawings which shall be an attachment to the amendment document and, in the top margin, labeled 'Replacement Sheet'. Any replacement sheet of drawings shall include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is amended. Any new sheet of drawings containing an additional figure must be labeled in the top margin as 'New Sheet'. All changes to the drawings shall be explained, in detail, in either the drawing amendment or remarks section of the amendment paper."

Page 8 of the 'Amendment and Response to Office Action' filed 10 March 2006 states, "The drawings of FIGS. 1-4 are amended and submitted hereby in a clear version."

However, no replacement sheet for Figure 4 has been submitted in the 'Amendment and Response to Office Action' filed 10 March 2006.

The applicants are respectfully requested to submit a replacement sheet for each amended drawing, as required under 37 CFR § 1.121(d).

By such reasoning, this Notice of Non-Compliance is deemed necessary and proper at this time.

Please note: The response has not been checked to the extent necessary to determine the presence of all possible non-compliance errors. If additional issues of non-compliance are discovered at the time of a subsequent response, yet another Notice of Non-Compliant Amendment will be necessitated. Applicants' cooperation is requested in correcting any other errors of which applicants may become aware.

The applicants are hereby notified that the examiner's art unit has recently changed from Art Unit 2673 to Art Unit 2629, please direct all future correspondence accordingly. Thank you.
